#### OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding  $\frac{1}{2}$  an ounce, 8 Annas, ... (1 Shillings)  
Above  $\frac{1}{2}$ , and not exceeding 1 ounce,  
1 Rupee, ..... (2 Shillings)  
Above 1, and not exceeding 2 ounces,  
2 Rupees, ..... (4 Shillings)  
Above 2, and not exceeding 3 ounces,  
3 Rupees, ..... (6 Shillings)  
And so on, increasing 1 Rupee, ..... (2 Shillings)  
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

“BRITISH POSTAGE PRE-PAID,  
“Via Southampton.”

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Ben-tinck and Hindostan.

## BEACON IN TORRES STRAIT.

The following Notice is published, in conformity with the instructions of Government, for general information.

By order of the Acting Superintendent of Marine,

JAS. SUTHERLAND, *Secretary.*

Fort William, the 17th July, 1845.

Hydrographic Office, Admiralty, April 1st, 1845.

## NOTICE TO MARINERS.

### TORRES STRAIT,

#### *Beacon on the Great Barrier Reef.*

Her Majesty's Government having directed that a lofty and substantial Beacon of Stone should be built on one of the rocks of the Great Barrier Reef, for the guidance of Vessels bound through Torres Strait; and Captain Blackwood, of H.M.S. Fly, having selected Raine Island for that purpose, and having recently reported that the Beacon had been completed, the following notice of it is now published for the benefit of seamen.

The Beacon is of a circular form, 30 feet in diameter at the base, and 27 feet at the top; the building is 64 feet in height, and at low water it stands 75 feet above the level of the sea. It is painted with alternate red and white vertical stripes; and in clear weather it is visible from a ship's deck at the distance of 8 or 9 miles, but from the mast head, at 12 or 13 miles. Its lat. is  $11^{\circ} 35' S.$  and long.  $144^{\circ} 6' E.$  of Greenwich.

Raine Island is in the middle of an opening, of about 8 miles in breadth, through the outer Barrier Reef; no bottom is found with 125 fathoms in any part of this opening, nor close up to the island, which is a low and narrow coral rock about quarter of a mile in length. Though without water, it carries a coarse green vegetation, while Pandora Islet, which is 8 miles farther to the northward, in lat.  $11^{\circ} 27' S.$  is a bare bank of sand.

The extreme points of the reefs which form the above opening bear from the Beacon N.N.E.  $\frac{1}{4} E.$  and S.S.E.  $\frac{1}{4} E.$  by compass. The time of high water at full and change is 10 o'clock; the rise at ordinary springs about 10 feet; and the strength of the tide sometimes amounts to 2 knots. The flood comes in from the eastward and there is a general current of about a knot, setting to the northward, (or to leeward) along the face of the reef. The variation of the compass is  $4^{\circ} 30' E.$

A vessel coming from the southward, and intending to penetrate the Barrier by Raine Island, should be pretty certain of her latitude; and when running in to the westward towards the reefs, she should so shape her course as to make the Beacon well on the starboard bow, in order to allow for the northerly current.

When the Beacon is clearly made out the island will soon be seen and may be passed on either hand, as both channels are  $2\frac{1}{2}$  miles wide. The southern channel will be the most convenient, but the reef, which projects a good mile from the S.E. end of the island, must be avoided.

When the island is passed, a S.W. by W.  $\frac{1}{4} W.$  course by compass will lead through a wide opening in the second line of reefs, and the Hardy Islands will soon be seen, as their distance from Raine Island is about 40 miles. Some scattered coral heads will however have to be passed, for which a good look out should be kept; and it is recommended to all vessels, which have to run to the westward among these coral patches, to do so in the morning, before the sun passes much to the westward of the meridian, as the patches may then be distinctly seen from the mast head, or from the fore yard, at both of which places a careful look out man should be stationed.

NOTICE is hereby given, that the undermentioned quantity of Pungah Salt is for Sale at the rate specified below. Purchasers to satisfy themselves as to the quality of the Salt in question by personal inspection of the Musters at the Balleaghatta Works at 24-Pergunnahs, and the Rowannah, first presented there to be entitled to the first delivery.

By order of the Acting Superintendent of Marine,

Fort William, the 17th July, 1845.

*Hydrographic Office, Admiralty, April 1st, 1845.*

## NOTICE TO MARINERS.

### TORRES STRAIT,

#### *Beacon on the Great Barrier Reef.*

Her Majesty's Government having directed that a lofty and substantial Beacon of Stone should be built on one of the rocks of the Great Barrier Reef, for the guidance of Vessels bound through Torres Strait; and Captain Blackwood, of H.M.S. Fly, having selected Raine Island for that purpose, and having recently reported that the Beacon had been completed, the following notice of it is now published for the benefit of seamen.

The Beacon is of a circular form, 30 feet in diameter at the base, and 27 feet at the top; the building is 64 feet in height, and at low water it stands 75 feet above the level of the sea. It is painted with alternate red and white vertical stripes; and in clear weather it is visible from a ship's deck at the distance of 8 or 9 miles, but from the mast head, at 12 or 13 miles. Its lat. is 11° 35' S. and long. 144° 6' E. of Greenwich.

Raine Island is in the middle of an opening, of about 8 miles in breadth, through the outer Barrier Reef; no bottom is found with 125 fathoms in any part of this opening, nor close up to the island, which is a low and narrow coral rock about quarter of a mile in length. Though without water, it carries a coarse green vegetation, while Pandora Islet, which is 8 miles farther to the northward, in lat. 11° 27' S. is a bare bank of sand.

The extreme points of the reefs which form the above opening bear from the Beacon N.N.E.  $\frac{1}{2}$  E. and S.S.E.  $\frac{1}{4}$  E. by compass. The time of high water at full and change is 10 o'clock; the rise at ordinary springs about 10 feet; and the strength of the tide sometimes amounts to 2 knots. The flood comes in from the eastward and there is a general current of about a knot, setting to the northward, (or to leeward) along the face of the reef. The variation of the compass is 4° 30' E.

A vessel coming from the southward, and intending to penetrate the Barrier by Raine Island, should be pretty certain of her latitude; and when running in to the westward towards the reefs, she should so shape her course as to make the Beacon well on the starboard bow, in order to allow for the northerly current.

When the Beacon is clearly made out the island will soon be seen and may be passed on either hand, as both channels are 2½ miles wide. The southern channel will be the most convenient, but the reef, which projects a good mile from the S.E. end of the island, must be avoided.

When the island is passed, a S.W. by W.  $\frac{1}{2}$  W. course by compass will lead through a wide opening in the second line of reefs, and the Hardy Islands will soon be seen, as their distance from Raine Island is about 40 miles. Some scattered coral heads will however have to be passed, for which a good look out should be kept; and it is recommended to all vessels, which have to run to the westward among these coral patches, to do so in the morning, before the sun passes much to the westward of the meridian, as the patches may then be distinctly seen from the mast head, or from the fore yard, at both of which places a careful look out man should be stationed.

the Archdeaconry and Diocese of Calcutta.

Archdeacon of the Archdeaconry of Calcutta and

Bishop of Calcutta, dated at Calcutta, the 22d  
day of July, 1845.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of  
optional pre-payment of British Postage in  
India, upon Letters for places within the United  
Kingdom of Great Britain, which will come into  
operation on the 1st of the ensuing month of  
March, the following rates of Postage will be le-  
vied, namely,

Not exceeding  $\frac{1}{2}$  an ounce, 8 Annas, ... (1 Shillings)

Above  $\frac{1}{2}$ , and not exceeding 1 ounce,

1 Rupee, ..... (2 Shillings)

Above 1, and not exceeding 2 ounces,

2 Rupees, ..... (4 Shillings)

Above 2, and not exceeding 3 ounces,

3 Rupees, ..... (6 Shillings)

And so on, increasing 1 Rupee, ..... (2 Shillings)  
for every additional ounce, or fraction of the  
ounce.

As 5 ounces is the nearest integral of English  
weight to 12 Tolas, the maximum weight allowed  
for transmission by Dawk, it is indispensable that  
letters be not allowed to exceed that weight, to  
prevent the inconvenience of their being refused  
at the Post Office.

The option of pre-paying the British Postage is  
exclusively, limited to Letters transmitted in the  
Mails sent via Southampton, and such letters must  
bear the following superscription for the guidance  
of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,

"Via Southampton."

Letters not for places, within the United King-  
dom of Great Britain, or which may not require  
to pass through the English Post Office, to their  
ulterior destinations, will, as heretofore, be subject  
to Foreign Steamer, or Red Sea Postage, precise-  
ly at the same rates as those fixed for the levy of  
British pre-paid Postage.

British and Foreign Steamer, or Red Sea  
Postages, are exclusive of the India ordinary  
Inland Postage.

It is strongly recommended, both for the con-  
venience of the individuals bringing the letters,  
and of the Receivers at the Post Office, that  
Letters intended to be pre-paid should be accom-  
panied by separate receipts, or be entered sepa-  
rately from other descriptions of letters in the  
Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to  
apply only, to letters forwarded via Bombay, not  
to letters transmitted hence by the Steamers Ben-  
tinck and Hindostan.

Deputy Post Master.

## POST OFFICE NOTIFICATION.

### *P. and O. Steamers.*

THE Bi-monthly Overland Communication having now been regularly established between this Country and Europe, and the arrangements for the conveyance of the Mails, direct, between Calcutta and Suez, finally completed and brought into operation; Notice, accordingly, is hereby given, that the rates of Postage charged on Letters and Papers carried by the Government Steamers from and to Bombay, will likewise be levied, in future, on Letters and Newspapers conveyed by the Peninsular and Oriental Company's Vessels, from and to Calcutta, both by way of Southampton, and via Marseilles.

1. The rules relative to the former, having also been made applicable, in every respect, to the latter, are subjoined for the information and guidance of the Public, in general. The scale of British Steam Postage, is, as follows, viz.

- On every letter not exceeding  $\frac{1}{2}$  an ounce in weight, .....8 As. or one Shilling.
- On ditto above  $\frac{1}{2}$  oz. and not exceeding one ounce, .....1 R. or two ditto.
- On ditto above 1 oz. and not exceeding two ounces, .....2 Rs. or four ditto.
- On ditto above 2 oz. and not exceeding three ounces, ...3 Rs. or six ditto.

and so on, increasing One Rupee, or Two Shillings, for every additional ounce weight, or any fraction thereof.

2. British weights not being generally available in this country, the following coins of the Hon'ble Company's currency, are recommended as the best substitutes:

- In lieu of  $\frac{1}{2}$  an ounce..... One Rupee and One Copper Pie.
- In lieu of one ounce..... Two Copper Half Anna Pieces (or Double Pice) and One Pie—the former Coins are procurable by paying the equivalent, at the Mint.

3. Every person confining his English correspondence to the weight of the two former Coins, will be certain of being within the weight prescribed for a single Steamer Letter, and every Letter not exceeding the aggregate weight of the three latter Coins, will, in like manner, be within the weight allowed for a double Steamer Letter.

4. Steam Postage on Letters for Foreign and Continental Europe, or any place to which Great Britain does not necessarily form a channel of communication, forwarded via "Marseilles," as well as letters for Egypt, Syria, Turkey, Greece, and the Mediterranean Islands, subject to Red Sea (Steam) Postage, *must*, as heretofore, be pre-paid in this country.

5. Steam Postage on Letters for the United States or British Colonies in America, or the West Indies (unless addressed to Agents in Great Britain,) *cannot* be pre-paid in this country, whether sent by way of "Marseilles," or via Southampton.

6. The same rule applies equally to Letters for the United Kingdom, comprising England, Scotland, Ireland, Wales, and all the British Islands, despatched through "Marseilles," and also to those for the Continent of Europe, transmitted by way of "Southampton."

7. Letters for any Foreign country, directed to an Agent in England, will be received and disposed of, as if addressed to the United Kingdom.

8. The optional pre-payment of Steamer Postage, applies only to Letters sent, by the "Southampton" Route, to places within the United Kingdom, and vice versa.

9. The Term "Paid (or Pre-paid," which is synonymous) being the distinctive mark (indicative of the wishes of Senders) and the only guide for the Post Office Receivers, all Letters for the United Kingdom via "Southampton," which may be so marked, will, accordingly, be charged with Steamer Postage, and such as are not so superscribed, will be sent "Bearing."

10. The Inland (Indian) Postage which is quite distinct from, and always levied in addition to, Steam Postage, *must* be paid in advance, by the Sender, at the Posting Office, on Letters forwarded from out Stations to Calcutta or Bombay, or from either one Presidency to the other, for transmission by the Steamers, and vice versa, that is, by the Addressee at the Receiving Office. The word paid, therefore, should not be put on any Letter, except on those on which Senders, having the option, intend to Pre-Pay Steam Postage also.

11. No Letter exceeding 12<sup>1</sup>/<sub>2</sub> tolas, (a fraction under 5 ounces) in weight can be transmitted per Letter Mail; but if forwarded by Government Banghy Post, or otherwise sent to Bombay or Calcutta, it may be despatched by the Steamer, from either Presidency.

12. It is particularly requested, that Letters and Papers from the Mofussul, intended for despatch by the Overland Mail, from Calcutta, may be accordingly superscribed, for the guidance of the person who originally receives such Letters at the Posting Office. The route (Southampton or Marseilles) by which they are intended to be forwarded, should always be clearly specified also. Any Letter not marked "Per Steam," or "Overland," will be sent by a Sailing Vessel. In order to avoid mistakes, the name of the country, which a Letter is destined to, (England for example,) should be the last word in the superscription. Letters posted in Calcutta for despatch via Bombay should be accordingly directed.

13. Although  $\frac{1}{2}$  ounce is the single weight for regulating Steamer Postage charge, the quarter tola continues to be the single weight for Inland Postage to Bombay, which Letter (from Calcutta to that Presidency,) amounts to Seven Annas.

14. An extra charge of One Rupee for every half tola weight, is made on Letters sent by the Overland Express from Calcutta to Bombay, and no Letter above one tola weight can be forwarded by such conveyance. Thus, for instance, a Pre-Paid Steam Letter of one tola weight, posted in Calcutta for transmission, via Bombay, would be charged with Postage, amounting to Rs. 3 6-0, viz.

Ordinary Inland Postage, .....	0	14	0
Express ditto, .....	2	0	0
Steam ditto, .....	0	8	0
Total Rs. ....	3	6	0

15. It is requested that no Firm or individual will send Letters exceeding Two Tolas Weight in the aggregate, and that each Letter be superscribed "Overland Express" when intended for such conveyance.

16. The Tola Weight above mentioned is equal to 180 Grains Troy, being the Standard Weight of the Company's Rupee.

17. Postage is levied according to the prescribed weight, without reference to the quality or quantity of the Paper.

18. No Steam Postage whatever is charged in India on Newspapers sent from this country, but Inland Postage to, and from, Bombay must be paid.

19. Receipts, if required, must be brought ready written, along with the Letters, &c. to the Post Office.

The foregoing explanation is given in detail, for the express purpose of preventing mistakes and consequent disappointment.

Any further change that may, hereafter, take place, will be duly notified.

**BEACON IN TORRES STRAIT.**

The following Notice is published, in conformity with the instructions of Government, for general information.

By order of the Acting Superintendent of Marine,

JAS. SUTHERLAND, *Secretary*

Fort William, the 17th July, 1845.

*Hydrographic Office, Admiralty, April 1st, 1845.*

**NOTICE TO MARINERS.**

**TORRES STRAIT,**

*Beacon on the Great Barrier Reef.*

Her Majesty's Government having directed that a lofty and substantial Beacon of Stone should be built on one of the rocks of the Great Barrier Reef, for the guidance of Vessels bound through Torres Strait; and Captain Blackwood, of H.M.S. Fly, having selected Raine Island for that purpose, and having recently reported that the Beacon had been completed, the following notice of it is now published for the benefit of seamen.

The Beacon is of a circular form, 30 feet in diameter at the base, and 27 feet at the top; the building is 64 feet in height, and at low water it stands 75 feet above the level of the sea. It is painted with alternate red and white vertical stripes; and in clear weather it is visible from a ship's deck at the distance of 8 or 9 miles, but from the mast head, at 12 or 13 miles. Its lat. is 11° 35' S. and long. 144° 6' E. of Greenwich.

Raine Island is in the middle of an opening, of about 8 miles in breadth, through the outer Barrier Reef; no bottom is found with 125 fathoms in any part of this opening, nor close up to the island, which is a low and narrow coral rock about quarter of a mile in length. Though without water, it carries a coarse green vegetation, while Pandora Islet, which is 8 miles farther to the northward; in lat. 11° 27' S. is a bare bank of sand.

The extreme points of the reefs which form the above opening bear from the Beacon N.N.E.  $\frac{1}{2}$  E. and S.S.E.  $\frac{1}{2}$  E. by compass. The time of high water at full and change is 10 o'clock; the rise at ordinary springs about 10 feet; and the strength of the tide sometimes amounts to 2 knots. The flood comes in from the eastward and there is a general current of about a knot, setting to the northward, (or to leeward) along the face of the reef. The variation of the compass is 4° 30' E.

A vessel coming from the southward, and intending to penetrate the Barrier by Raine Island, should be pretty certain of her latitude; and when running in to the westward towards the reefs, she should so shape her course as to make the Beacon well on the starboard bow, in order to allow for the northerly current.

When the Beacon is clearly made out the island will soon be seen and may be passed on either hand, as both channels are 2  $\frac{1}{2}$  miles wide. The southern channel will be the most convenient, but the reef, which projects a good mile from the S.E. end of the island, must be avoided.

When the island is passed, a S.W. by W.  $\frac{1}{2}$  W. course by compass will lead through a wide opening in the second line of reefs, and the Hardy Islands will soon be seen, as their distance from Raine Island is about 40 miles. Some scattered coral heads will however have to be passed, for which a good look out should be kept; and it is recommended to all vessels, which have to run to the westward among these coral patches, to do so in the morning, before the sun passes much to the westward of the meridian, as the patches may then be distinctly seen from the mast head, or from the fore yard, at both of which places a careful look out man should be stationed.

CUSTOMS.

## EDUCATION NOTICE.

RULES for the examination of Candidates for insertion in the list directed to be annually furnished to Government, by the Notification of the Governor General, dated 10th October, 1844.

1. No one shall be allowed to become a Candidate for insertion in the Annual Returns, who is less than 18 or more than 23 years of age; and who is not at the time a student either of a Government or of a private Institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every Candidate, whether he belong to a Government College or a private Institution, shall be required to undergo the usual Annual Examination, for Senior English Scholarships, a Latin being substituted for a Vernacular Essay, at the option of each Candidate.

3. There shall be two class of merit: the first shall comprehend all who are in the last year of a Senior Scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private institution, and who obtain at least  $\frac{4}{5}$ ths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least  $\frac{1}{2}$  of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4. The place of each successful competitor in his class, shall be determined by the relative merit of his Examination.

5. Every Candidate for insertion in the Council's list, shall pay a registration fee of Co.'s Rs. 5, prior to being allowed to compete at the examination.

6. The Examinations shall be held Annually at the Town Hall, a few days before the Doorga Poojah Holidays, of which due notice shall be given.

7. A Student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

8. A Candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

9. All Candidates, whether from Government or private Institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

10. The following is the system of examination adopted and the standard of the Senior English Scholarships referred to, in Rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix within a reasonable time beforehand, the days on which the examinations shall be held.

The Students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the Essays without any assistance whatever, and to ensure this, one of the Members of the Council of Education will remain in the room and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a Senior Scholarship.

The following are the qualifications for the Senior English Scholarships.

English Essay.

The candidate must compose a fair English Essay.

History.

He must know the leading facts of Universal History, with special reference to the Histories of Greece, Rome, India, England, and Modern Europe. The course

of History which will form the subject of each Annual Examination, will be made known by the Council of Education on or before the 15th of June of the previous year.

General Literature. He must be able to explain passages of Prose and Verse, selected from standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual scholarship examination.

Mathematics. He must have a knowledge of Algebra as treated of in Peacock's work on the subject, and in the Chapter on Chances in Wood's Algebra. Of Euclid he must know the first four books, the 5th definition of the 5th book, the 6th book, and 21st proposition of the 11th book: Plane and Spherical Trigonometry (Hind's, Snowball's or Woodhouse's) and Conic Sections.

Natural Philosophy. He must have a knowledge of Astronomy, Mechanics, Hydrostatics, Pneumatics and Optics as treated of in the works noted in the margin\* sufficient to enable him to comprehend Herschell's Introductory Discourse on the Study of Natural Philosophy, and Mrs. Somerville's Connection of the Physical Sciences. He must also be acquainted with Mathematical and Physical Geography, as treated of in the Publications of the Society for the Diffusion of Useful Knowledge.

Vernacular Essay. He must write a fair essay in the Vernacular.

The holders of Senior Scholarships will be examined further in a paper of special test questions, which will be prepared under the direction of the Council of Education for that purpose, and which may include subjects not specified above.

The following Draft of a proposed Act was read in Council for the first time on the 26th of July 1845

Act No. — of 1845.

*An Act for establishing a Court for the trial of Pilots accused of breach of duty*

I. It is hereby enacted, that from and after the day of \_\_\_\_\_, if any person employed in the Pilot Service of the East India Company, at the Presidency of Fort William in Bengal, shall be accused of having committed any breach of duty while engaged in such Service, and it shall appear to the Superintendent or Acting Superintendent of Marine, that such person ought to be brought to trial for such breach of duty, such person shall be brought to trial before a Court, consisting of a President and two Branch Pilots, with whom shall be joined, whenever it may be practicable, four Commanders of British Ships lying in the River Hooghly, and two Merchants of Calcutta.

II. And it is hereby enacted, that the said President shall be such person as shall be, from time to time as occasion may require, appointed for that purpose by the Governor of Bengal.

III. And it is hereby enacted, that whenever it shall appear to such Superintendent or Acting Superintendent of Marine, that any person employed in the said Pilot Service ought to be brought to trial before such Court, the said Superintendent or Acting Superintendent shall convene such Court by giving notice to the said President, and Summoning by writing under his hand any two Branch Pilots of the East India Company's Service, and any four Commanders of British Ships lying in the River Hooghly, and any two Merchants of Calcutta, to appear at a time and place to be specified in such writing for the purpose of holding such trial. Provided always that every Court to be held under this Act, shall consist of the President, and at least four Members, and that the decision shall in every case be according to the votes of the majority, and that in case of equality of votes the President shall have a casting vote.

IV. And it is hereby enacted, that if any person so Summoned, as aforesaid, shall neglect or refuse to attend in pursuance thereof, or to remain in attendance to the end of such trial without sufficient cause, then it shall be lawful for the said Superintendent or Acting Superintendent of Marine to impose such fine upon such person as to him shall appear proper, not exceeding the sum of Rupees 200 for every such default, and every Justice of the Peace for the Town of Calcutta is hereby authorized and required upon representation made to him in writing and signed by the said Superintendent, or Acting Superintendent, to enforce the payment of such fine in like manner as if such fine had been imposed by himself.

V. And it is hereby enacted, that the proceedings before such Court shall be conducted on the part of Government by such person as the Governor of Bengal shall from time to time appoint to act as Judge Advocate in the said Court.

VI. And it is hereby enacted, that it shall be lawful for the said Superintendent or Acting Superintendent of Marine, and he is hereby authorized and required either at the request of the party accused, or of the party making the accusation, or of the said Court, by writing under his hand to Summon any person whatsoever, to attend as a witness at a time and place to be specified in such Summons for the purpose of being examined at any trial before a Court constituted as aforesaid, or if such person shall be about to depart from Calcutta, so as to be unable to attend at such trial without serious inconvenience, then to be examined before the President of the said Court, and any two Members of the said Court, provided always that due notice of the time and place of such examination shall be given to the person against whom a charge is about to be preferred, and provided also, that such witness may nevertheless be examined at the trial if he shall be able to attend thereat in which case his examination may also be read at the trial.

VII. And it is hereby enacted, that every witness duly Summoned to attend any such Court or President and two Members, shall during his necessary attendance on such Court or President and two Members, and in going to and returning from the same, be privileged from arrest, and shall,

if arrested in breach of such privilege, be discharged by such Court or President and two Members, or by the Supreme Court, or any Judge thereof, according as the case shall require, upon its being made to appear to such Court or President and two Members constituted by this Act, or to such Supreme Court, or Judge, by affidavit in a summary way that such witness was arrested in going to or returning from or attending upon such Court or President and two Members constituted by this Act, and that every witness so duly summoned to attend as aforesaid, who shall not attend on such Court or President and two Members, or who attending shall refuse to give evidence on Oath or Solemn Affirmation or Declaration, or to answer all such questions as the Court or President and two Members may legally demand, shall be liable to be attached in the Supreme Court, upon complaint made, in like manner as if such witness had neglected to attend on any trial in such Supreme Court.

VIII. And it is hereby enacted, that every Member assisting at every such Court before the commencement of any proceeding, to be had before it shall take the following Oath upon the Holy Evangelists, which Oath shall be administered by the President of such Court to the other Members thereof, and to the President by any Member who has taken the said Oath, that is to say,

"I do swear that I will duly determine and administer justice according to the evidence in the matter that shall be brought before me. So help me God."

IX. And it is hereby enacted, that every witness before any such Court or President and two Members shall be examined upon Oath, which such Courts and President and two Members are hereby authorized to administer. Provided always that in all cases wherein a Solemn Declaration or Affirmation would be allowed in Her Majesty's Courts of Judicature to be substituted for an Oath, the said Court or President and two Members constituted by this Act, shall substitute such Solemn Declaration or Affirmation for an Oath.

X. And it is hereby enacted, that any person wilfully and knowingly giving false testimony on Oath, or Solemn Declaration or Affirmation in any case in which an Oath or Solemn Declaration is by this Act required to be made, shall be deemed guilty of wilful and corrupt perjury and being duly convicted, shall be liable to the pains and penalties of perjury.

XI. And it is hereby enacted, that if the party against whom a charge is preferred shall appear or shall not satisfy the Court that he has a reasonable excuse for not appearing, the said Court shall proceed to hear and determine the charges preferred by the said Superintendent or Acting Superintendent against any person or persons so employed in the Pilot Service, as aforesaid, and if such person or persons shall be found guilty by the said Court, of the breach of duty laid to his or their charge, it shall be competent to the said Court, and it is hereby required to sentence such person or persons to dismissal from the said Pilot Service, or to such other punishment by loss of rank or pay as to the said Court shall appear fit, whether or not such breach of duty be punishable under a certain Code called the Penal Code for the better order and government of the Members composing the Pilot Service, passed by order of

the Right Hon'ble the Vice President in Council, 21st December 1826.

XII. Provided always and it is hereby enacted, that in all cases wherein the charge preferred before such Court is a charge of a breach of duty punishable under the said Code, the said Court shall award such punishment as is prescribed for such breach of duty in the said Code and no other.

XIII. XVI. And it is hereby enacted, that it shall be lawful for the said Superintendent or Acting Superintendent, with the consent of the Governor or Deputy Governor of Bengal, expressed in writing under his hand from time to time to make such Rules for conducting the Proceedings and regulating the practice of the said Courts, and for carrying into effect the purposes of this Act as to the said Superintendent or Acting Superintendent shall seem expedient, and all such Rules shall be submitted to the Governor General in Council immediately upon the making thereof, and every such Rule shall have full effect after it shall have been confirmed by the Governor General in Council and not before.

OVERLAND PRE-PAID LETTERS.

**N**OTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding  $\frac{1}{2}$  an ounce, 8 Annas, ... (1 Shillings)

Above  $\frac{1}{2}$ , and not exceeding 1 ounce,  
1 Rupee, ..... (2 Shillings)

Above 1, and not exceeding 2 ounces,  
2 Rupees, ..... (4 Shillings)

Above 2, and not exceeding 3 ounces,  
3 Rupees, ..... (6 Shillings)

And so on, increasing 1 Rupee, ..... (2 Shillings)  
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by *Dawk*, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,

"Via Southampton."

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's *Dawk* Receipt Books.

**N. B.**—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers *Bentinck* and *Hindustan*.

**BEACON IN TORRES STRAIT.**

The following Notice is published, in conformity with the instructions of Government, for general information.

By order of the Acting Superintendent of Marine,  
Fort William, the 17th July, 1845.

JAS. SUTHERLAND, Secretary.

Hydrographic Office, Admiralty, April 1st, 1845.

**NOTICE TO MARINERS.**

**TORRES STRAIT,**

*Beacon on the Great Barrier Reef.*

Her Majesty's Government having directed that a lofty and substantial Beacon of Stone should be built on one of the rocks of the Great Barrier Reef, for the guidance of Vessels bound through Torres Strait; and Captain Blackwood, of H.M.S. Fly, having selected Raine Island for that purpose, and having recently reported that the Beacon had been completed, the following notice of it is now published for the benefit of seamen.

The Beacon is of a circular form, 30 feet in diameter at the base, and 27 feet at the top; the building is 64 feet in height, and at low water it stands 75 feet above the level of the sea. It is painted with alternate red and white vertical stripes; and in clear weather it is visible from a ship's deck at the distance of 8 or 9 miles, but from the mast head, at 12 or 13 miles. Its lat. is 11° 35' S. and long. 144° 6' E. of Greenwich.

Raine Island is in the middle of an opening, of about 8 miles in breadth, through the outer Barrier Reef; no bottom is found with 125 fathoms in any part of this opening, nor close up to the island, which is a low and narrow coral rock about quarter of a mile in length. Though without water, it carries a coarse green vegetation, while Pandora Islet, which is 8 miles farther to the northward, in lat. 11° 27' S. is a bare bank of sand.

The extreme points of the reefs which form the above opening bear from the Beacon N.N.E.  $\frac{1}{2}$  E. and S.S.E.  $\frac{1}{2}$  E. by compass. The time of high water at full and change is 10 o'clock; the rise at ordinary springs about 10 feet; and the strength of the tide sometimes amounts to 2 knots. The flood comes in from the eastward and there is a general current of about a knot, setting to the northward, (or to leeward) along the face of the reef. The variation of the compass is 4° 30' E.

A vessel coming from the southward, and intending to penetrate the Barrier by Raine Island, should be pretty certain of her latitude; and when running in to the westward towards the reefs, she should so shape her course as to make the Beacon well on the starboard bow, in order to allow for the northerly current.

When the Beacon is clearly made out the island will soon be seen and may be passed on either hand, as both channels are 2  $\frac{1}{2}$  miles wide. The southern channel will be the most convenient, but the reef, which projects a good mile from the S.E. end of the island, must be avoided.

When the island is passed, a S.W. by W.  $\frac{1}{4}$  W. course by compass will lead through a wide opening in the second line of reefs, and the Hardy Islands will soon be seen, as their distance from Raine Island is about 40 miles. Some scattered coral heads will however have to be passed, for which a good look out should be kept; and it is recommended to all vessels, which have to run to the westward among these coral patches, to do so in the morning, before the sun passes much to the westward of the meridian, as the patches may then be distinctly seen from the mast head, or from the fore yard, at both of which places a careful look out man should be stationed.

EDUCATION NOTICE.

RULES for the examination of Candidates for insertion in the list directed to be annually furnished to Government, by the Notification of the Governor General, dated 10th October, 1844.

1. No one shall be allowed to become a Candidate for insertion in the Annual Returns, who is less than 18 or more than 23 years of age; and who is not at the time a student either of a Government or of a private Institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every Candidate, whether he belong to a Government College or a private Institution, shall be required to undergo the usual Annual Examination, for Senior English Scholarships, a Latin being substituted for a Vernacular Essay, at the option of each Candidate.

3. There shall be two class of merit: the first shall comprehend all who are in the last year of a Senior Scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private institution, and who obtain at least  $\frac{3}{4}$ ths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least  $\frac{1}{2}$  of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4. The place of each successful competitor in his class, shall be determined by the relative merit of his Examination.

5. Every Candidate for insertion in the Council's list, shall pay a registration fee of Co's Rs. 5, prior to being allowed to compete at the examination.

6. The Examinations shall be held Annually at the Town Hall, a few days before the Doonga Poojah Holidays, of which due notice shall be given.

7. A Student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

8. A Candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

9. All Candidates, whether from Government or private Institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

10. The following is the system of examination adopted and the standard of the Senior English Scholarships referred to, in Rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix within a reasonable time beforehand, the days on which the examinations shall be held.

The Students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the Essays without any assistance whatever, and to ensure this, one of the Members of the Council of Education will remain in the room and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a Senior Scholarship.

The following are the qualifications for the Senior English Scholarships.

English Essay.

The candidate must compose a fair English Essay.

History.

He must know the leading facts of Universal History, with special reference to the Histories of Greece, Rome, India, England, and Modern Europe. The course

of History which will form the subject of each Annual Examination, will be made known by the Council of Education on or before the 15th of June of the previous year.

**General Literature.** He must be able to explain passages of Prose and Verse, selected from standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual scholarship examination.

**Mathematics.** He must have a knowledge of Algebra as treated of in Peacock's work on the subject, and in the Chapter on Chances in Wood's Algebra. Of Euclid he must know the first four books, the fifth definition of the 5th book, the 6th book, and 21st proposition of the 11th book: Plane and Spherical Trigonometry (Hind's, Snowball's or Woodhouse's) and Conic Sections.

**Natural Philosophy.** He must have a knowledge of Astronomy, Mechanics, Hydrostatics, Pneumatics and Optics as treated of in the works noted in the margin\* sufficient to enable him to comprehend Herschell's Introductory Discourse on the Study of Natural Philosophy, and Mrs. Somerville's Connection of the Physical Sciences. He must also be acquainted with Mathematical and Physical Geography, as treated of in the Publications of the Society for the Diffusion of Useful Knowledge.

**Vernacular Essay.** He must write a fair essay in the Vernacular.

The holders of Senior Scholarships will be examined further in a paper of special test questions, which will be prepared under the direction of the Council of Education for that purpose, and which may include subjects not specified above.

LEGISLATIVE,  
THE 26TH JULY, 1845.

The following Draft of a proposed Act was read in Council for the first time on the 26th of July 1845:

ACT No. — of 1845.

*An Act for establishing a Court for the trial of Pilots accused of breach of duty.*

I. It is hereby enacted, that from and after the day of . . . , if any person employed in the Pilot Service of the East India Company, at the Presidency of Fort William in Bengal, shall be accused of having committed any breach of duty while engaged in such Service, and it shall appear to the Superintendent or Acting Superintendent of Marine, that such person ought to be brought to trial for such breach of duty, such person shall be brought to trial before a Court, consisting of a President and two Branch Pilots, with whom shall be joined, whenever it may be practicable, four Commanders of British Ships lying in the River Hooghly, and two Merchants of Calcutta.

II. And it is hereby enacted, that the said President shall be such person as shall be, from time to time as occasion may require, appointed for that purpose by the Governor of Bengal.

Provided always that every Court to be held under this Act, shall consist of the President, and at least four Members, and that the decision shall in every case be according to the votes of the majority, and that in case of equality of votes the President shall have a casting

IV. And it is hereby enacted, that if any person so Summoned, as aforesaid, shall neglect or refuse to attend in pursuance thereof, or to remain in attendance to the end of such trial without sufficient cause, then it shall be lawful for the said Superintendent or Acting Superintendent of Marine to impose such fine upon such person as to him shall appear proper, not exceeding the sum of Rupees 200 for every such default, and every Justice of the Peace for the Town of Calcutta is hereby authorized and required upon representation made to him in writing and signed by the said Superintendent, or Acting Superintendent, to enforce the payment of such fine in like manner as if such fine had been imposed by himself.

V. And it is hereby enacted, that the proceedings before such Court shall be conducted on the part of Government by such person as the Governor of Bengal shall from time to time appoint to act as Judge Advocate in the said Court.

VI. And it is hereby enacted, that it shall be lawful for the said Superintendent or Acting Superintendent of Marine, and he is hereby authorized and required either at the request of the party accused, or of the party making the accusation, or of the said Court, by writing under his hand to Summon any person whatsoever, to attend as a witness at a time and place to be specified in such Summons for the purpose of being examined at any trial before a Court constituted as aforesaid, or if such person shall be about to depart from Calcutta, so as to be unable to attend at such trial without serious inconvenience, then to be examined before the President of the said Court, and any two Members of the said Court, provided always that due notice of the time and place of such examination shall be given to the person against whom a charge is about to be preferred, and provided also, that such witness may nevertheless be examined at the trial if he shall be able to attend thereat in which case his examination may also be read at the trial.

VII. And it is hereby enacted, that every witness duly Summoned to attend any such Court or President and two Members, shall during his necessary attendance on such Court or President and two Members, and in going to and returning from the same, be privileged from arrest, and shall,

if arrested in breach of such privilege, be discharged by such Court or President and two Members, or by the Supreme Court, or any Judge thereof, according as the case shall require, upon its being made to appear to such Court or President and two Members constituted by this Act, or to such Supreme Court, or Judge, by affidavit in a summary way that such witness was arrested in going to or returning from or attending upon such Court or President and two Members constituted by this Act, and that every witness so duly Summioned to attend as aforesaid, who shall not attend on such Court or President and two Members, or who attending shall refuse to give evidence on Oath or Solemn Affirmation or Declaration, or to answer all such questions as the Court or President and two Members may legally demand, shall be liable to be attached in the Supreme Court, upon complaint made, in like manner as if such witness had neglected to attend on any trial in such Supreme Court.

VIII. And it is hereby enacted, that every Member assisting at every such Court before the commencement of any proceeding, to be had before it shall take the following Oath upon the Holy Evangelists, which Oath shall be administered by the President of such Court to the other Members thereof, and to the President by any Member who has taken the said Oath, that is to say,

IX. And it is hereby enacted, that every witness before any such Court or President and two Members shall be examined upon Oath, which such Courts and President and two Members are hereby authorized to administer. Provided always that in all cases wherein a Solemn Declaration or Affirmation would be allowed in Her Majesty's Courts of Judicature to be substituted for an Oath, the said Court or President and two Members constituted by this Act, shall substitute such Solemn Declaration or Affirmation for an Oath.

X. And it is hereby enacted, that any person wilfully and knowingly giving false testimony on Oath or Solemn Declaration or Affirmation in any case in which an Oath or Solemn Declaration is by this Act required to be made, shall be deemed guilty of wilful and corrupt perjury and being duly convicted, shall be liable to the pains and penalties of perjury.

XL. And it is hereby enacted, that if the party against whom a charge is preferred shall appear or shall not satisfy the Court that he has a reasonable excuse for not appearing, the said Court shall proceed to hear and determine the charges preferred by the said Superintendent or Acting Superintendent against any person or persons so employed in the Pilot Service, as aforesaid, and if such person or persons shall be found guilty by the said Court, of the breach of duty laid to his or their charge, it shall be competent to the said Court, and it is hereby required to sentence such person or persons to dismissal from the said Pilot Service, or to such other punishment by loss of rank or pay as to the said Court shall appear fit, whether or not such breach of duty be punishable under a certain Code called the Penal Code, for the better order and government of the Members composing the Pilot Service, passed by order of

the Right Hon<sup>ble</sup> the Vice President in Council, 21st December 1826.

XII. Provided always and it is hereby enacted, that in all cases wherein the charge preferred before such Court is a charge of a breach of duty punishable under the said Code, the said Court shall award such punishment as is prescribed for such breach of duty in the said Code and no other,

XIII. Provided also, and it is hereby enacted, that the said Code shall remain in full force as regards the several breaches of duty therein specified, but that it shall be competent for the said Superintendent or Acting Superintendent of Marine, and he is hereby empowered in any case of breach of duty not specified in the said Code, to frame such charge as shall be applicable to the facts of the case and to prefer the same to the said Court, any thing in the said Code contained notwithstanding.

XIV. Provided always and it is hereby enacted, that nothing in this Act contained shall prevent the said Superintendent or Acting Superintendent from deciding summarily in cases in which he was empowered to decide summarily before the passing of this Act.

XV. And it is hereby enacted, that every finding and sentence of such Court as aforesaid shall be subject to the approval and revision of the said Superintendent or Acting Superintendent and of the Governor or Deputy Governor of Bengal, and that no such finding or sentence shall be considered final or conclusive until it has been submitted to and approved by the said Superintendent or Acting Superintendent and by the Governor or Deputy Governor of Bengal who are hereby empowered to alter or revise such finding or sentence in such manner as to them shall appear proper, or to send back such finding to the same Court for revision, or to remit any part or the whole of such sentence as they shall think fit, and that every such sentence either of dismissal from the service or of loss of rank or pay upon being confirmed or altered by the said Governor or Deputy Governor of Bengal, and the said Superintendent or Acting Superintendent of Marine, shall be considered valid and effectual from the date of such confirmation or alteration, and shall be forthwith carried into effect.

XVI. And it is hereby enacted, that it shall be lawful for the said Superintendent or Acting Superintendent, with the consent of the Governor or Deputy Governor of Bengal, expressed in writing under his hand from time to time to make such Rules for conducting the Proceedings and regulating the practice of the said Courts, and for carrying into effect the purposes of this Act as to the said Superintendent or Acting Superintendent shall seem expedient, and all such Rules shall be submitted to the Governor General in Council immediately upon the making thereof, and every such Rule shall have full effect after it shall have been confirmed by the Governor General in Council and not before.

## OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding  $\frac{1}{2}$  an ounce, 8 Annas,... (1 Shillings)  
Above  $\frac{1}{2}$ , and not exceeding 1 ounce,  
1 Rupee, ..... (2 Shillings)  
Above 1, and not exceeding 2 ounces,  
2 Rupees, ..... (4 Shillings)  
Above 2, and not exceeding 3 ounces,  
3 Rupees, ..... (6 Shillings)  
And so on, increasing 1 Rupee,..... (2 Shillings)  
for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,  
"Via Southampton."

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Ben-tinck and Hindostan.

EDUCATION NOTICE.

RULES for the examination of Candidates for insertion in the list directed to be annually furnished to Government, by the Notification of the Governor General, dated 10th October, 1844.

1. No one shall be allowed to become a Candidate for insertion in the Annual Returns, who is less than 18 or more than 23 years of age; and who is not at the time a student either of a Government or of a private Institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every Candidate, whether he belong to a Government College or a private Institution, shall be required to undergo the usual Annual Examination, for Senior English Scholarships, a Latin being substituted for a Vernacular Essay, at the option of each Candidate.

3. There shall be two class of merit: the first shall comprehend all who are in the last year of a Senior Scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private institution, and who obtain at least  $\frac{2}{3}$ ths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least  $\frac{1}{2}$  of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4. The place of each successful competitor in his class, shall be determined by the relative merit of his Examination.

5. Every Candidate for insertion in the Council's list, shall pay a registration fee of Co's Rs. 5, prior to being allowed to compete at the examination.

6. The Examinations shall be held Annually at the Town Hall, a few days before the Doorga Poojah Holidays, of which due notice shall be given.

7. A Student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

8. A Candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

9. All Candidates, whether from Government or private Institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

10. The following is the system of examination adopted and the standard of the Senior English Scholarships referred to, in Rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix within a reasonable time beforehand, the days on which the examinations shall be held.

The Students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the Essays without any assistance whatever, and to ensure this, one of the Members of the Council of Education will remain in the room and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a Senior Scholarship.

The following are the qualifications for the Senior English Scholarships.

English Essay.

The candidate must compose a fair English Essay.

History.

He must know the leading facts of Universal History, with special reference to the Histories of Greece, Rome, India, England, and Modern Europe. The course

of History which will form the subject of each Annual Examination, will be made known by the Council of Education on or before the 15th of June of the previous year.

General Literature.

He must be able to explain passages of Prose and Verse, selected from

standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual scholarship examination.

Mathematics.

He must have a knowledge of Algebra as treated of in Peacock's work

on the subject, and in the Chapter on Chances in Wood's Algebra. Of Euclid he must know the first four books, the fifth definition of the 5th book, the 6th book, and 21st proposition of the 11th book: Plane and Spherical Trigonometry (Hind's, Snowball's or Woodhouse's) and Conic Sections.

Natural Philosophy.

He must have a knowledge of Astronomy, Mechanics, Hydrostatics,

Pneumatics and Optics as treated of in the works noted in the margin\* sufficient to enable him to comprehend Herschell's Introductory Discourse on the Study of Natural Philosophy, and Mrs. Somerville's Connection of the Physical

Sciences. He must also be acquainted with Mathematical and Physical Geography, as treated of in the Publications of the Society for the Diffusion of Useful Knowledge.

Vernacular Essay.

He must write a fair essay in the Vernacular.

Act No. — or 1845.

*An Act for establishing a Court for the trial of Pilots accused of breach of duty.*

I. It is hereby enacted, that from and after the day of , if any person employed in the Pilot Service of the East India Company, at the Presidency of Fort William in Bengal, shall be accused of having committed any breach of duty while engaged in such Service, and it shall appear to the Superintendent or Acting Superintendent of Marine, that such person ought to be brought to trial for such breach of duty, such person shall be brought to trial before a Court, consisting of a President and two Branch Pilots, with whom shall be joined, whenever it may be practicable, four Commanders of British Ships lying in the River Hooghly, and two Merchants of Calcutta.

II. And it is hereby enacted, that the said President shall be such person as shall be, from time to time as occasion may require, appointed for that purpose by the Governor of Bengal.

III. And it is hereby enacted, that whenever it shall appear to such Superintendent or Acting Superintendent of Marine, that any person employed in the said Pilot Service ought to be brought to trial before such Court, the said Superintendent or Acting Superintendent shall convene such Court by giving notice to the said President, and Summoning by writing under his hand any two Branch Pilots of the East India Company's Service, and any four Commanders of British Ships lying in the River Hooghly, and any two Merchants of Calcutta, to appear at a time and place to be specified in such writing for the purpose of holding such trial. Provided always that every Court to be held under this Act, shall consist of the President, and at least four Members, and that the decision shall in every case be according to the votes of the majority, and that in case of equality of votes the President shall have a casting vote.

IV. And it is hereby enacted, that if any person so Summoned, as aforesaid, shall neglect or refuse to attend in pursuance thereof, or to remain in attendance to the end of such trial without sufficient cause, then it shall be lawful for the said Superintendent or Acting Superintendent of Marine to impose such fine upon such person as to him shall appear proper, not exceeding the sum of Rupees 200 for every such default, and every Justice of the Peace for the Town of Calcutta is hereby authorized and required upon representation made to him in writing and signed by the said Superintendent, or Acting Superintendent, to enforce the payment of such fine in like manner as if such fine had been imposed by himself.

V. And it is hereby enacted, that the proceedings before such Court shall be conducted on the part of Government by such person as the Governor of Bengal shall from time to time appoint to act as Judge Advocate in the said Court.

VI. And it is hereby enacted, that it shall be lawful for the said Superintendent or Acting Superintendent of Marine, and he is hereby authorized and required either at the request of the party accused, or of the party making the accusation, or of the said Court, by writing under his hand to Summon any person whatsoever, to attend as a witness at a time and place to be specified in such Summons for the purpose of being examined at any trial before a Court constituted as aforesaid, or if such person shall be about to depart from Calcutta, so as to be unable to attend at such trial without serious inconvenience, then to be examined before the President of the said Court, and any two Members of the said Court, provided always that due notice of the time and place of such examination shall be given to the person against whom a charge is about to be preferred, and provided also, that such witness may nevertheless be examined at the trial if he shall be able to attend thereat in which case his examination may also be read at the trial.

VII. And it is hereby enacted, that every witness duly Summoned to attend any such Court or President and two Members, shall during his necessary attendance on such Court or President and two Members, and in going to and returning from the same, be privileged from arrest, and shall,

if arrested in breach of such privilege, be discharged by such Court or President and two Members, or by the Supreme Court, or any Judge thereof, according as the case shall require, upon its being made to appear to such Court or President and two Members constituted by this Act, or to such Supreme Court, or Judge, by affidavit in a summary way that such witness was arrested in going to or returning from or attending upon such Court or President and two Members constituted by this Act, and that every witness so duly Summomed to attend as aforesaid, who shall not attend on such Court or President and two Members, or who attending shall refuse to give evidence on Oath or Solemn Affirmation or Declaration, or to answer all such questions as the Court or President and two Members may legally demand, shall be liable to be attached in the Supreme Court, upon complaint made, in like manner as if such witness had neglected to attend on any trial in such Supreme Court.

VIII. And it is hereby enacted, that every Member assisting at every such Court before the commencement of any proceeding, to be had before it shall take the following Oath upon the Holy Evangelists, which Oath shall be administered by the President of such Court to the other Members thereof, and to the President by any Member who has taken the said Oath, that is to say,

“ I do swear that I will duly determine and administer justice according to the evidence in the matter that shall be brought before me. So help me God.”

IX. And it is hereby enacted, that every witness before any such Court or President and two Members shall be examined upon Oath, which such Courts and President and two Members are hereby authorized to administer. Provided always that in all cases wherein a Solemn Declaration or Affirmation would be allowed in Her Majesty's Courts of Judicature to be substituted for an Oath, the said Court or President and two Members constituted by this Act, shall substitute such Solemn Declaration or Affirmation for an Oath.

X. And it is hereby enacted, that any person wilfully and knowingly giving false testimony on Oath or Solemn Declaration or Affirmation in any case in which an Oath or Solemn Declaration is by this Act required to be made, shall be deemed guilty of wilful and corrupt perjury and being duly convicted, shall be liable to the pains and penalties of perjury.

XI. And it is hereby enacted, that if the party against whom a charge is preferred shall appear

or shall not satisfy the Court that he has a reasonable excuse for not appearing, the said Court shall proceed to hear and determine the charges preferred by the said Superintendant, or Acting Superintendant against any person or persons so employed in the Pilot Service, as aforesaid, and if such person or persons shall be found guilty by the said Court, of the breach of duty laid to his or their charge, it shall be competent to the said Court, and it is hereby required to sentence such person or persons to dismissal from the said Pilot Service, or to such other punishment by loss of rank or pay as to the said Court shall appear fit, whether or not such breach of duty be punishable under a certain Code called the Penal Code for the better order and government of the Members composing the Pilot Service, passed by order of the Right Hon'ble the Vice President in Council, 21st December 1826.

XII. Provided always and it is hereby enacted, that in all cases wherein the charge preferred before such Court is a charge of a breach of duty punishable under the said Code, the said Court shall award such punishment as is prescribed for such breach of duty in the said Code and no other.

XIII. Provided also, and it is hereby enacted, that the said Code shall remain in full force as regards the several breaches of duty therein specified, but that it shall be competent for the said Superintendant or Acting Superintendant of Marine, and he is hereby empowered in any case of breach of duty not specified in the said Code, to frame such charge as shall be applicable to the facts of the case and to prefer the same to the said Court, any thing in the said Code contained notwithstanding.

XIV. Provided always and it is hereby enacted, that nothing in this Act contained shall prevent the said Superintendant or Acting Superintendant from deciding summarily in cases in which he was empowered to decide summarily before the passing of this Act.

XV. And it is hereby enacted, that every finding and sentence of such Court as aforesaid shall be subject to the approval and revision of the said Superintendant or Acting Superintendant and of the Governor or Deputy Governor of Bengal, and that no such finding or sentence shall be considered final or conclusive until it has been submitted to and approved by the said Superintendant or Acting Superintendant and by the Governor or Deputy Governor of Bengal who are hereby empowered to alter or revise such finding or sentence in such manner as to them shall appear proper, or to send back such finding

to the same Court for revision, or to remit any part or the whole of such sentence as they shall think fit, and that every such sentence either of dismissal from the service or of loss of rank or pay upon being confirmed or altered by the said Governor or Deputy Governor of Bengal, and the said Superintendent or Acting Superintendent of Marine, shall be considered valid and effectual from the date of such confirmation or alteration, and shall be forthwith carried into effect.

XVI. And it is hereby enacted, that it shall be lawful for the said Superintendent or Acting Superintendent, with the consent of the Governor or Deputy Governor of Bengal, expressed in writing under his hand from time to time to make such Rules for conducting the Proceedings and regulating the practice of the said Courts, and for carrying into effect the purposes of this Act as to the said Superintendent or Acting Superintendent shall seem expedient, and all such Rules shall be submitted to the Governor General in Council immediately upon the making thereof, and every such Rule shall have full effect after it shall have been confirmed by the Governor General in Council and not before.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first meeting of the Legislative Council of India, after the 26th day of September next.

OVERLAND PRE-PAID LETTERS.

NOTICE.—With reference to the system of optional pre-payment of British Postage in India, upon Letters for places within the United Kingdom of Great Britain, which will come into operation on the 1st of the ensuing month of March, the following rates of Postage will be levied, namely,

Not exceeding  $\frac{1}{2}$  an ounce, 8 Annas, ... (1 Shillings)

Above  $\frac{1}{2}$ , and not exceeding 1 ounce,

1 Rupee, ..... (2 Shillings)

Above 1, and not exceeding 2 ounces,

2 Rupees, ..... (4 Shillings)

Above 2, and not exceeding 3 ounces,

3 Rupees, ..... (6 Shillings)

And so on, increasing 1 Rupee, ..... (2 Shillings)

for every additional ounce, or fraction of the ounce.

As 5 ounces is the nearest integral of English weight to 12 Tolas, the maximum weight allowed for transmission by Dawk, it is indispensable that letters be not allowed to exceed that weight, to prevent the inconvenience of their being refused at the Post Office.

The option of pre-paying the British Postage is exclusively, limited to Letters transmitted in the Mails sent via Southampton, and such letters must bear the following superscription for the guidance of the Post Office Receivers, viz.

"BRITISH POSTAGE PRE-PAID,

"Via Southampton."

Letters not for places, within the United Kingdom of Great Britain, or which may not require to pass through the English Post Office, to their ulterior destinations, will, as heretofore, be subject to Foreign Steamer, or Red Sea Postage, precisely at the same rates as those fixed for the levy of British pre-paid Postage.

British and Foreign Steamer, or Red Sea Postages, are exclusive of the India ordinary Inland Postage.

It is strongly recommended, both for the convenience of the individuals bringing the letters, and of the Receivers at the Post Office, that Letters intended to be pre-paid should be accompanied by separate receipts, or be entered separately from other descriptions of letters in the Sender's Dawk Receipt Books.

N. B.—These Rules, until further orders, are to apply only, to letters forwarded via Bombay, not to letters transmitted hence by the Steamers Ben-tinck and Hindostan.

EDUCATION NOTICE.

RULES for the examination of Candidates for insertion in the list directed to be annually furnished to Government, by the Notification of the Governor General, dated 10th October, 1844.

1. No one shall be allowed to become a Candidate for insertion in the Annual Returns, who is less than 18 or more than 23 years of age; and who is not at the time a student either of a Government or of a private Institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every Candidate, whether he belong to a Government College or a private Institution, shall be required to undergo the usual Annual Examination, for Senior English Scholarships, a Latin being substituted for a Vernacular Essay, at the option of each Candidate.

3. There shall be two class of merit: the first shall comprehend all who are in the last year of a Senior Scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private institution, and who obtain at least  $\frac{1}{2}$  of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least  $\frac{1}{3}$  of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4. The place of each successful competitor in his class, shall be determined by the relative merit of his Examination.

5. Every Candidate for insertion in the Council's list, shall pay a registration fee of Co's Rs. 5, prior to being allowed to compete at the examination.

6. The Examinations shall be held Annually at the Town Hall, a few days before the Doorja Poojah Holidays, of which due notice shall be given.

7. A Student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

8. A Candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

9. All Candidates, whether from Government or private Institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

10. The following is the system of examination adopted and the standard of the Senior English Scholarships referred to, in Rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix within a reasonable time beforehand, the days on which the examinations shall be held.

The Students shall be assembled in a room without books, papers or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the Essays without any assistance whatever, and to ensure this, one of the Members of the Council of Education will remain in the room and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance, a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a Senior Scholarship.

The following are the qualifications for the Senior English Scholarships.

English Essay.

The candidate must compose a fair English Essay.

History.

He must know the leading facts of Universal History, with special reference to the Histories of Greece, Rome, India, England, and Modern Europe. The course

of History which will form the subject of each Annual Examination, will be made known by the Council of Education on or before the 15th of June of the previous year.

General Literature.

He must be able to explain passages of Prose and Verse, selected from

standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual scholarship examination.

Mathematics.

He must have a knowledge of Algebra as treated of in Peacock's work

on the subject, and in the Chapter on Chances in Wood's Algebra. Of Euclid he must know the first four books, the fifth definition of the 5th book, the 6th book, and 21st proposition of the 11th book: Plane and Spherical Trigonometry (Hind's, Snowball's or Woodhouse's) and Conic Sections.

Natural Philosophy.

He must have a knowledge of Astronomy, Mechanics, Hydrostatics, treated of in the works noted in the margin\* sufficient to enable him to comprehend Herschell's Introductory Discourse on the Study of Natural Philosophy, and Mrs. Somerville's Connection of the Physical

Pneumatics and Optics as

\* Brinkley's Astronomy or the Astronomy in the Natural Philosophy of the S. D. U. K. Whewell's Mechanics, Webster's Hydrostatics and Phipp's Optics, with the Pneumatics of the S. D. U. K.

Sciences. He must also be acquainted with Mathematical and Physical Geography, as treated of in the Publications of the Society for the Diffusion of Useful Knowledge.

Vernacular Essay.

He must write a fair essay in the Vernacular.

The holders of Senior Scholarships will be examined further in a paper of special test questions, which will be prepared under the direction of the Council of Education for that purpose, and which may include subjects not specified above.

FORT WILLIAM,  
THE 30TH JULY, 1845.

The Contract with the General Management of the Military Orphan Society for executing the printing business of Government having expired, notice is hereby given, that Tenders for executing the said business for a period of not less than one year, from the 1st September next, will be received at the Office of the Secretary to the Government of Bengal, until 2 o'clock on Saturday, the 16th proximo.

The Tenders must specify exactly the rates at which the printer will undertake to print a number of copies of the Calcutta

Gazette, and to execute every description of job work, plain and tabular, required in the various Public Offices.

By Order,

FRED. JAS. HALLIDAY,  
Secretary Govt. of Bengal.

ORDERS BY THE RIGHT HON'BLE THE GOVERNOR OF BENGAL.

FORT WILLIAM,

THE 6TH AUGUST, 1845.

The Governor of Bengal directs that the following Extract, para. 3, of a Dispatch from the Hon'ble Court of Directors, in the Judicial Department, No. 9 of 1845, be published for the information and guidance of the Officers of the Government:

"You have brought to our notice that this Gentleman has been so ill advised as to print and circulate the Memorial on the subject, which he has addressed to us, together with copies of official documents therein referred to. The appeal thus, to a certain extent, made to the public, on a question under reference through the Government for our decision, is most reprehensible, and the publication of records to which an Officer has access for the performance of his duty, but not for private purposes, is a breach of official trust, which we consider it our duty to reprobate. That there are many examples of this practice, and that some of them have been passed unnoticed, is an extenuation, though not a justification in this particular case; but we desire that you will issue such orders as may prevent any similar irregularity hereafter."

All Members of the Public Service have full liberty to address the Hon'ble Court on the subject of their personal grievances, and to annex to their Memorials any official documents which they may consider necessary for their purpose. But the printing or circulation of such Memorials or Documents is strictly prohibited.

The Governor has entire confidence that the orders of the Hon'ble Court in this respect will not be disobeyed.

By Order of the Right Hon'ble the Governor of Bengal,

FRED. JAS. HALLIDAY,  
Secy. to the Govt. of Bengal.
